

MY BEAUTIFUL COUNTRY

A proposito del progetto

The planned topics which pupils are going to work on:

- our school and hometown,
- natural beauties of our country,
- our cultural heritage.

During the project we are going to arrange pinboards with the materials produced in the project and publish them on Twinspace.

OBIETTIVI

The aim of our project is to bring together pupils of different countries and nationalities. They are going to get familiarised with the cultural, natural and historical differences of the participating countries.

By working on the project activities in teams they are going to practise and develop their:

- communication skills,
- language skills by writing and translating the texts in English,
- ICT skills through editing and publishing the materials .

PROCEDURA DI LAVORO

We intend to work through the second term of this school year.

Here's the plan and topics:

- during January and February: our school and hometown;
- during March: natural beauties of our country;
- during April: our cultural heritage;
- during May: arranging pinboards with the materials produced in the project and publishing them on Twinspace.

Students will be included in smaller groups or as whole classes, depending on the school's decisions.

RISULTATI ATTESI

Pupils learn the basic information about the partner's country.

Pupils develop their ICT skills.

Pupils develop self-confidence in using English, as well as their presentation skills.

Editing the school pinboards with materials produced through pupils' activities and uploading them on Twinspace.
